***Response to Amendment***

Applicant's arguments filed August 15, 2005, have been fully considered but they are not deemed to be persuasive.

Applicant's arguments with respect to claims 13 and 26-36 have been considered but are deemed to be moot in view of the new grounds of rejection. The new grounds of rejection are necessitated by adding the limitations of claim 15, without the limitations of claim 14.

Applicant argues that German 19,537,660 does not disclose a collar on the adapter for attaching a pleated bellows. This is incorrect. The pleated bellows 13 is sandwiched between the control housing 1 and a collar (flange) of the adapter (31).

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

***Double Patenting***

Claims 26-36 are objected to under 37 CFR 1.75 as being a substantial duplicate of claims 15-25. When two claims in an application are duplicates or else are so close in content that they both cover the same thing, despite a slight difference in wording, it is proper after allowing one claim to object to the other as being a substantial duplicate of the allowed claim. See MPEP § 706.03(k).

***Claim Rejections - 35 USC § 102***

Claim 13 is rejected under 35 U.S.C. 102(b) as being anticipated by either German 19,537,660 (filter 15 in adaptor 12, having collar for attaching a pleated bellows 13); Shimamura et al (filter 17 in adaptor 15, having collar for attaching a pleated bellows 1b); or Ortel et al (filter 15 in adaptor 12, having collar for attaching a cap 13);.

***Conclusion***

Claims 14-25 are allowed.

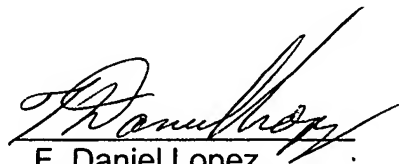

Art Unit: 3745

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
